Dates for the summer term

Dear Parents,

Summer term 2 whole school CLJ topic:

As with every year, in the second half of the summer term at Friars the whole school does the same CLJ unit. This year we are looking at **cities of the world**. There will be lots of opportunities to learn about other cultures and develop an understanding of human and physical Geography as well as giving the children some excellent cross curricular writing opportunities.

Year 4 fundraising:

At the end of their 'Endangered Animals' topic Year 4 wanted to do something positive to help wildlife. They had learned lots about the World Wildlife Fund and decided to host a fund raising afternoon. The children voted to dress up for the day, making a small donation in return (you may have noticed a host of tigers and zebras in the playground at the beginning of the day!) Many children also made things to sell to one another (donating the proceeds to WWF). They raised nearly £70! Well done Year 4!

Happy Birthday Your Majesty!

The children had a celebratory lunch today where they made crowns and enjoyed fish and chips and Victoria sponge. Please check the latest news section on the website for pictures.

Children's learning at Friars:

As part of their work on Cities of the world and of course to tie in with the Queen's official 90th birthday, Reception identified famous London landmarks. Millie also labelled them independently and showed very good knowledge of our city.

Thought for the week from Queen Elizabeth II:

"When life seems hard, the courageous do not lie down and accept defeat; instead, they are all the more determined to struggle for a better future"
