

Volume 9 No 29. 6th May 2016

Dates for the summer term

Dear Parents,

KS2 SATS week:

It is a big week for our Year 6 children next week. They, along with all other Year 6 children in England, will be the first children to sit the new more exacting KS2 SATs. They will sit tests in reading on Monday, spelling punctuation and grammar on Tuesday and Maths arithmetic and reasoning on Wednesday and Thursday. We are very proud of the commitment and hard work they have all shown leading up to these tests. We must also thank Miss Midgley and all the other adults that have helped the children prepare throughout the year.

Roman soldier spotted at Friars!

Year 3 had a fantastic day yesterday when they were visited by Lance, a real life Roman Legionary. He really brought to life what it was like to have been a Roman soldier and the children learned a great deal about the impact Romans had on life in Britain. Please look out for photos and more information on the website.

Monday 9th – Thursday 12th May –
KS2 SATs week

Friday 13th May—Y5 to Science Museum

Monday 16th May to Friday 20th May—KS1 SATs week

Children’s learning at Friars:

Toluwani

STEP 1. Code the bits of the brain you need to do your activity! Stick the correct colour on the correct bits of the brain.

The Key to your Brain:

- FRONTAL LOBE: planning/organizing/attention
- MOTOR CORTEX: FACE/MOUTH/TONGUE
- MOTOR CORTEX: HAND
- MOTOR CORTEX: LEG
- PARIENTAL LOBE: reading, writing, math
- TEMPORAL LOBE: speaking/listening
- HIPPOCAMPUS: memory
- HYPOTHALAMUS: bodily functions
- CEREBELLUM: co-ordination/balance
- OCCIPITAL LOBE: vision

My activity is Gymnastics

Happy-ometer

Step 2. Rate your happy levels!

MY BRAIN CHART

Activity	Frontal lobe	Motor cortex Face, Mouth	Motor cortex hand	Motor cortex leg	Parietal lobe	Temporal lobe	Hippo-campus	Hypothal-amus	Cerebellum	Occipital lobe
Gymnastics	✓		✓	✓		✓	✓		✓	✓

Thought for the week on Red Cross:
 “We make a living by what we get, but we make a life by what we give”
 Winston Churchill
