Free Workshops for Parents and Carers

Do you want more guidance on how to talk to your children, teens and young people about vaping, alcohol or drugs? Do you want to be informed on the current themes and trends we come across working with young people in the borough?

Substances are more accessible today than ever before. For parents, carers or anyone responsible for children and young people, it can feel overwhelming and difficult to know how to respond.

We're offering FREE online workshops for parents and carers in Southwark, to give advice and guidance to help you navigate this quickly changing landscape.

We'll cover:

- Current trends amongst young people
- Strategies for talking to young people about substances in an open and supportive way
- Practical advice on how to keep your children safe from the dangers of substance misuse
